

Blood Meal

Introduction

Blood Meal 12-0-0 is 100% organic, dehydrated, granular product derived from a certified process. It naturally contains a variety of nutrients and supplements. It's also an ideal source for organic Nitrogen, which is a key nutrient for overall plant growth. It is also a very good source for increasing organic material and microbial activity in the medium. Due to its organic nature, it's a natural slow release source of nutrients. When mixing your potting soil or medium, mix Blood Meal 12-0-0 at below mentioned rates for good results.

Guaranteed Minimum Analysis

Total Nitrogen (N)	12%
--------------------	-----

Application Rates

Lawn: 1.5-2 kg per 100 sq. ft.

Vegetable, fruit & flower beds: 2-2.5 kg / 100 sq. ft.

Trees: generally 200 -300 grams / 3'- 4 'area around the stem

Potted plants: 1-1.5 tsp per 1-2 gallon volume

Medium mix: 1-1.5 kg per cubic metre or 1000 L

General guideline: mix well in top 2"-3" of the medium, except for use on lawns. Blood Meal 12-0-0 can be applied 3-4 times during the season and is ideally suited for organic gardening.

List of Ingredients

Blood Meal
