

Rose & Flower Food

Introduction

Rose and Flower Food 2-3-5 is a 100% organic product formulated to meet nutritional requirements of flowering plants in your garden. The product is very easy to use and will keep your flowering plants fresh and blooming. Rose and Flower Food 2-3-5 can be used for bedded plants, hanging baskets, potted plants and flowering shrubs.

Minimum Guaranteed Analysis

Total Nitrogen (N)	2%
Available Phosphoric Acid (P ₂ O ₅)	3%
Soluble Potash (K ₂ O)	5%

Application Rates

Generally use 2-3 tsp in 1 litre of water (10-15 ml in 1000 ml). For best results use every 8-10 days or as per need. Mix the product in water and apply in root zone.

Some important tips for best results;

- Apply fertilizer solution in wet ground around the root zone
- In case of higher requirement, reduce interval to 3-4 days for 1-2 applications
- Pour fertilizer solution evenly around the roots for uniform distribution of nutrients

List of Ingredients

Fish Emulsion, Rock Phosphate, Plant Extracts (Alfalfa, Soybean and Kelp meal) and Mined Potassium Sulphate

Non Plant Food Ingredients: Humic Acid Derivatives

Cautions

1. Keep the product in a cool and dry place
